Dump Trailers

For the toughest jobs, you need the toughest trailers. Redrock's Dump Trailers feature an innovative fold down door configuration, to make tipping easier and safer. 14 & 16 ton trailers come with 8mm floor and 6mm sides and 18 - 25 ton trailers come with 10mm floors and 8mm sides. Hardox steel option is available on request.

Redrock Dump Trailer bodies are constructed with vertical supports integrated into the chassis to give the maximum possible support and strength for heavy loads. All Dump Trailers have a sprung drawbar for increased driver comfort and to reduce stress on the tractor hitch.

Standard Features

- On 385/65 x 22.5 wheels
- Sprung Drawbar
- Hydraulic Tail Door
- 10 stud Sprung Axle
